

Corporate Pro-Am & Charity Golf Event Photography

Based in Sussex, I offer Corporate, Pro-Am & Charity Golf Event Photography at clubs around the South East

“Official photographer to the 2011 Disabled British Open Golf Championship at the East Sussex National”

on-site printing enables players to take a memento photo of their day away with them when they leave

how it works

each player is photographed individually (usually when teeing off) and with their team. Printed photos - 9"x6" and supplied in a quality mount - will be available to pick up and view after their day

what each player gets

9"x6" prints supplied in a quality mount

what it costs

for most events there is no charge for my attendance - my income comes from the sale of the prints

Prints are charged at £10 per photo

*“Hi Tony,
I just wanted to say a very big thanks for your assistance at the Disabled British Open Golf Tournament at the East Sussex National last weekend.*

I’ve now had a chance to take a good look at the images - and they really are excellent!

I particularly like all the “media” shots which are really going to help us sell the event going forward - and the shots of the participants look great too.

I’d like to have you involved in next years event plus we’re also involved in lots of other golf events through the year, so there will be further opportunities for us to work together. Once again, thank you for all your help.”

**Andy Barwell,
Director, Azalea Group**

For larger corporate events you may choose to pay an attendance fee. As before, all the golfers are photographed with their team and individually when teeing off. Printed photos (as above) will be ready after the players have finished their round. They can collect pictures in person or you may wish to distribute the photos yourselves, or perhaps arrange them on their table place-settings before dinner. ***Please phone for further details***
